Adoption Events:

We will be holding adoption events at the Easton Petsmart on the following dates:

Saturday October 3, 9am-12pm

Saturday October 17, 10am – 1pm

Saturday October 24, 10am – 1pm

Welcome!

As the fall and winter seasons are approaching, we are stepping up our efforts even more to assist those loving animals in finding warm, cozy, forever homes! Here are some featured animals we have available for adoption! All are up to date on shots and spayed / neutered.

TIGGER

Tigger is one cute puppy! Tigger, along with his brother Chris were going to be put out in the freezing cold. Can you believe anyone would ever do that with that little face? There is some Lab in him but not sure what it's mixed with. Tigger was born the first week of January 2009. He will be neutered prior to adoption. Don't you just love his floppy ears?

Tigger loves to play with his puppy friends and the toys aren't bad either. He thinks it's great to have food, water and a human to snuggle with whenever he wants. He is young enough that you can teach him just about anything you like. But he is already crate-trained and learning the "outside" thing. Now he just needs a place to call his own.

CHRIS

Chris loves to play!

Fosters Needed!

Do you want to help but are not able to give a monetary donation? Well, we are in need of some fosters for our animals! We have several loving kitties and puppies that need a warm home in the interim while waiting to be adopted. Please inquire to volunteer@newbeginningsas.org for more information on what furry friends need temporary homes!

How You Can Help NBAS

Special News and Events:

- **BINGO!!**

New Beginnings Animal Shelter is getting ready for something very exciting and fun! We will be holding Bingo events at the American Legion in Pickerington soon, but we're in need of Volunteers to help out on Wednesdays. We will need people to sell instant, work the concessions, and to sell game cards.

Other groups that are having Bingo have been able to build shelters and increase their monetary intake; which increases medical funding. Our vet bills are, by far, our biggest expense. NBAS needs to make this Bingo work so that we are not scraping by, as we are now. Donations are down due to the economy. So this is a way for us to have a consistent fundraiser with great return and minimal effort. Please sign up for at least one night a week! You will feel so good that you are able to make such a significant impact in just one night!

VIKKI AND VANNA

This dynamic doggy duo is always eager to share their love and affection. However, weighing in at 35 lbs, these 8 month old puppies are known to play a little rough, perhaps too rough for smaller playmates to handle. Vikki and Vanna are both crate trained and would be a great addition to any active home.

PRECIOUS

I may be small but I'm full of fun! I'm 8 months young and 14 pounds, I'm a growing girl who is eager to grow with your family - but I will not eat you out of house and home - as my breed only requires a couple cups of food per day! I am great with the little ones, and really enjoy being the center of attention! I'll be the life of the party, as well as a great companion to cozy up with on the sofa - my favorite show is Pet Police - I always cheer for the cops when they get the bad guys! Come see me soon, I'm sure to steal your heart!

- Harry Spotter!

We have received a very generous donation of books. "Harry Spotter The Incontinent Puppy" is a delightful story about an adopted puppy that goes through the housebreaking process and becomes a member of the family. The books can be mailed to you for \$12.00 (\$10 for the book and \$2 for the mailing). Just send your check or money order to NBAS, PO Box 128, Pickerington, OH 43147 and we'll mail it out right away. Please email Barb at barbb@newbeginningsas.org with questions.

REBA

Reba is a well reserved kitten and sweet as a peach pie! She and 6 of her closest friends, Bubbles, Kellie, Urban, Delilah, Daphne and Bella, were found in a barn with no momma anywhere. Born early June 2009, they are all very typical kittens - feisty, playful, curious and too cute for words. They all may have had an unhappy start in life, but things are much better now. All the kittens are happy, healthy, and having lots of fun. The only thing missing from their lives is a happy forever home.

STAN AND SPOT

All of their littermates were adopted, but these two were left behind. How come? Well, Stan and Spot are very shy. They both require a little TLC. And while they may outgrow their shyness with age, there's no guarantee. So, so far, nobody's wanted to take them on. But they're wonderful boys! Give them a piece of string, and they'll entertain you. Stan likes to perch on the top of a kittie condo like a parrot! And Spot likes cuddle in a soft blanket. These funny guys have a deep friendship, so they keep hoping somebody will come love them both, together. They're only about nine months old, and they would be such sweet, funny, squooshy additions to any family.
